

## REPORT FROM ACC FOR SWEFFLING VILLAGE ANNUAL MEETING

The Alde Community Council was founded over fifty years ago to encourage community activities in three parishes of the Upper Alde Valley. It still holds funds for such purposes. Due to Covid it has been rather inactive this year. Another aspect of its work is giving small grants to any students or apprentices in these parishes to help with extra expenses in connect with their studies. This year we have been able to help two students with small grants.

It holds a separate fund for First Responders in this area and we still have one active responder for these villages. It is a shame that we no longer have more local volunteers for this useful community service.

The usual Spring Flower Show was cancelled this year but it is hoped we can organize a summer show instead now that we can hold indoor events
